

Flower - *Yamaguchi Dahlia*

What do you need

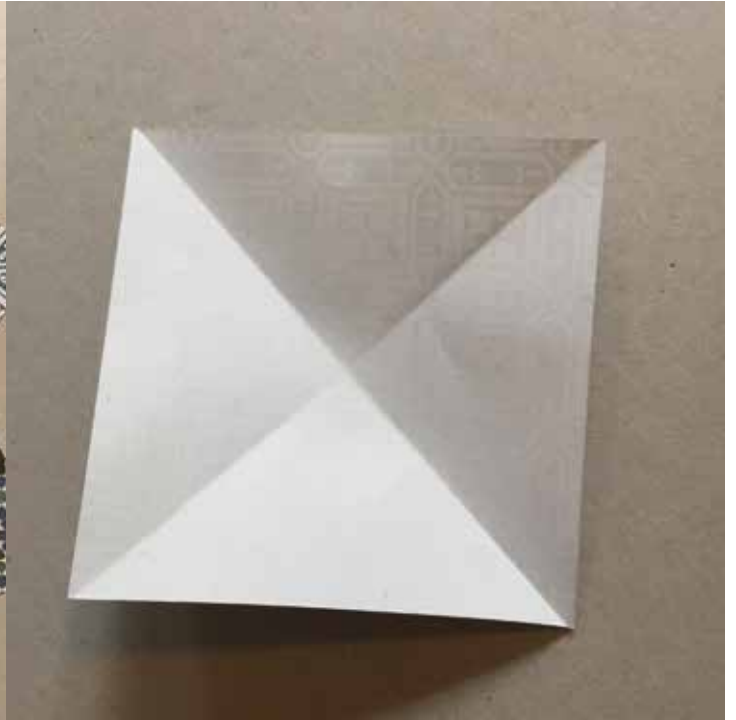

8 sheets of Bonjardim origami paper of 7.5 cm x 7.5 cm.

You could use a single pattern, a combination of patterns or a combination of pattern/solid paper of your choice.

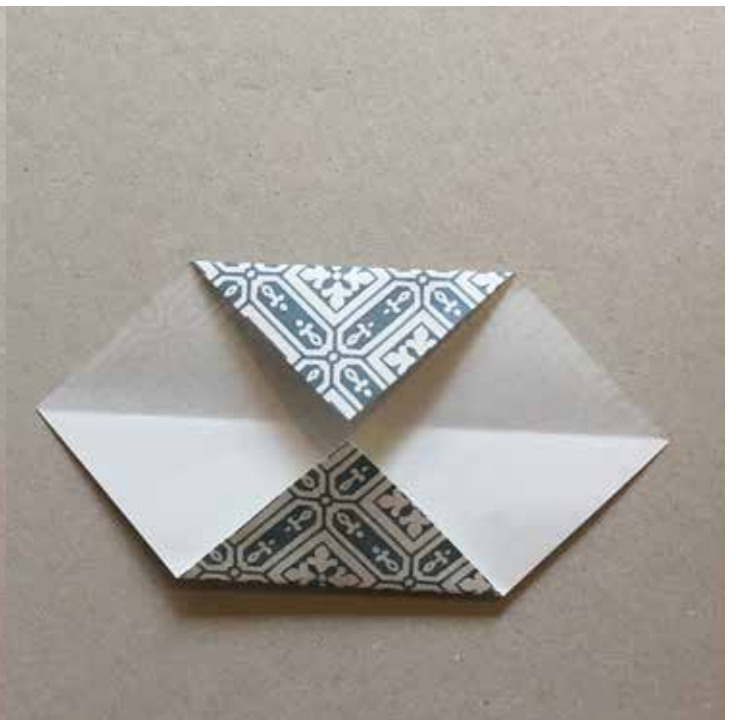

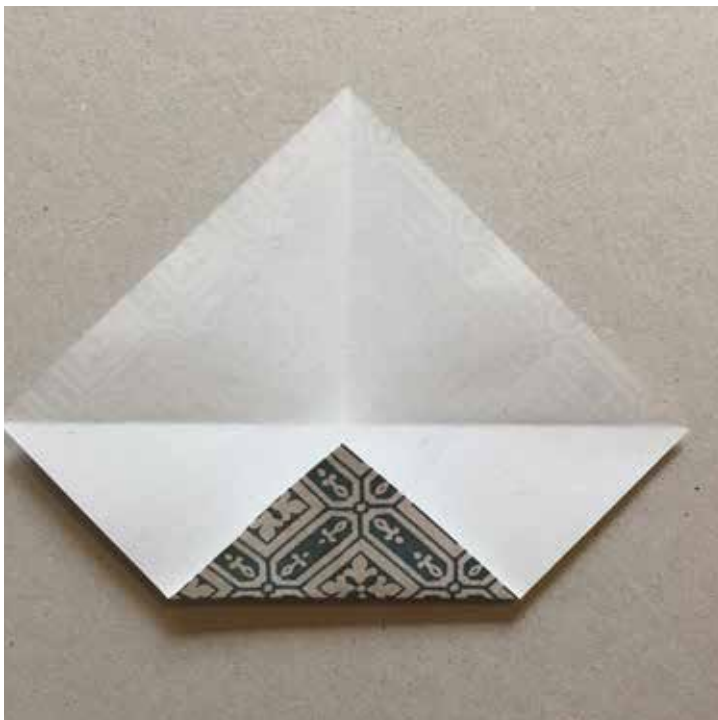

How to make a dahlia

1. Gather 8 sheets of origami paper 7.5cm x 7.5cm.

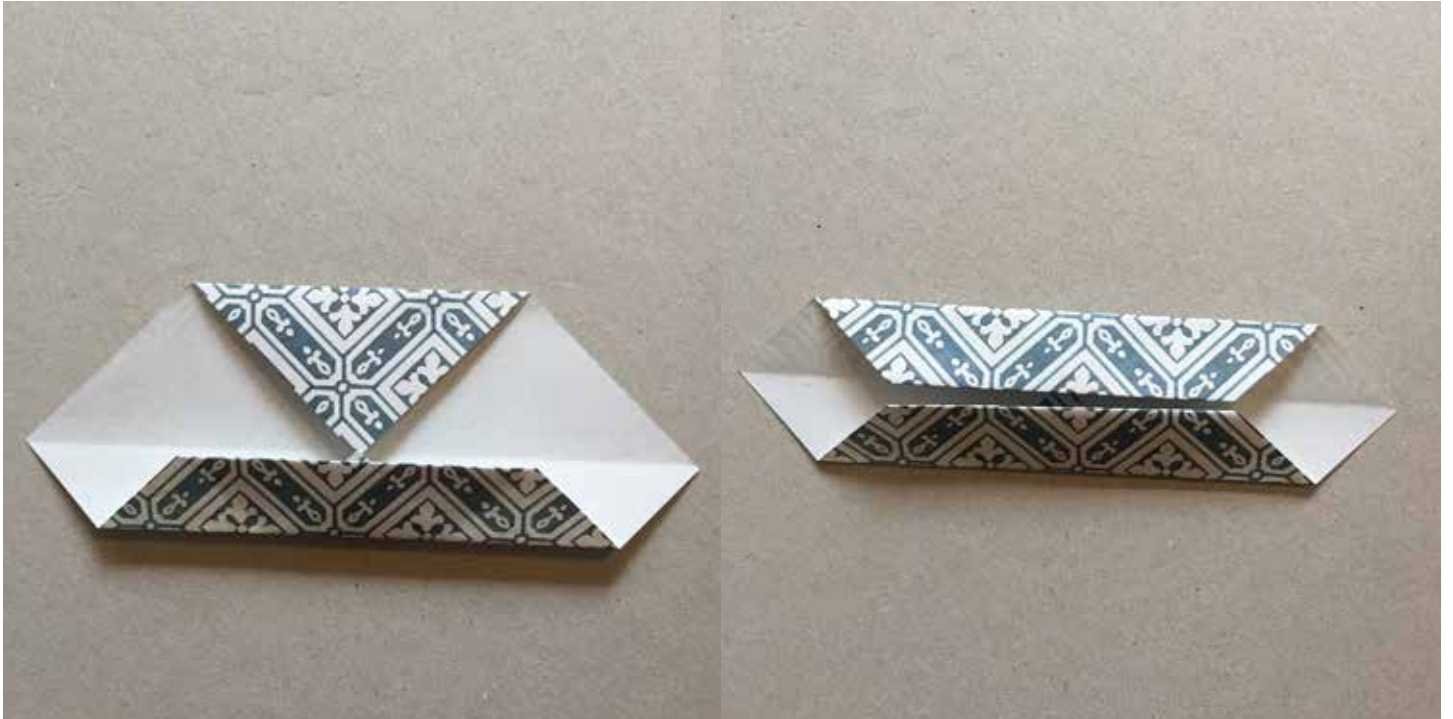

2. Fold the paper in half on both diagonal axes. Crease well and unfold.

3. Fold two opposing tips towards the centre.

4. Fold both top and bottom halves towards the centre.

5. Flip the object over.

6. Fold the bottom half to the top.

7. Fold the object in half.

8. Apply double sided tape closer to the centre.

9. The first unit is complete.

10. Repeat the previous steps and make a total of 8 units.

11. Gather 2 units. Apply double-sided tape into one of the units.

12. Keep applying double sided tape and attaching the remaining units until you complete the flower.
